

# Newbro's Herpicide

**VACATION TIME.** Vacation time should bring rest, recreation and comfort; and comfort of the solid and pleasing variety means no high collar, no stiff hat and no itching scalp. It is for this last discomfort that NEWBRO'S HERPICIDE becomes a summer necessity, as it stops itching of the scalp and Friction Heat almost instantly. Take Herpicide with you on your vacation.

**SCALP WARNING.** Itching of the scalp is not so much a punishment for past neglect as it is a warning for the future. It shows, almost conclusively, that the vine-like, mite-like growth that causes dandruff, itching scalp and falling hair has entered the Sebaceous glands and unless this growth is stopped and kept out of the scalp, baldness will follow.

**IT IS CONTAGIOUS.** It was Prof. Unna, (ask your doctor about him) who first pointed out that the true cause of hair loss is a germ or microbe that lodges in the scalp where it causes dandruff. Being of microbial origin the disease is necessarily contagious, but Dr. Sabouraud has recently called attention to the highly contagious nature of dandruff, and the necessity of constant watchfulness to avoid it. Kill the dandruff germ with Herpicide.

**UNSTERILIZED PUBLIC HAIR-BRUSHES.** Says Dr. A. Cartaz, are to blame for most of the baldness that is prevalent to-day. He further states that, "baldness begins in the young." By this he means that the germ that causes the disease is planted in the scalp of young men and that sometimes years elapse before the destruction is complete.

A Healthy Hair. "DESTROY THE CAUSE—YOU REMOVE THE EFFECT." An Unhealthy Hair.

**WILL NOT GROW HAIR.** NEWBRO'S HERPICIDE is a "HAIR-SAVER." It will not grow hair—nature does this—but by destroying the enemies of hair health, it enables the hair to grow as nature intended—except in chronic baldness. Save your hair with Herpicide. Wonderful results follow its use.

**HOT WEATHER TROUBLES.** During hot weather the minute sudatory glands of the scalp are called upon to perform an extra amount of labor. The perspiration that exudes in increased quantities must be handled promptly as it carries out poisonous and refuse matter that would otherwise clog up the pores of the scalp. Incomplete elimination of refuse matter produces a hot and feverish condition of the scalp, familiarly known as Friction Heat, for which Herpicide gives immediate relief. Ladies will find Herpicide indispensable. It contains no grease, will not stain or dye. It is an exquisite hair dressing that COOLS, COMFORTS and DELIGHTS.

**CONSISTENT USE OF HERPICIDE BRINGS THE DESIRED RESULTS.**

"I tried your Herpicide faithfully and like it as a hair dressing."

## Petersburg Gayety.

(Special to The Times-Dispatch.)  
PETERSBURG, VA., June 25.—The exhibition of the works of the Art School was Monday and Tuesday, and was visited by many friends of the teachers and pupils.

The school is under the management of Miss Anna M. Dunlop and Miss Katherine V. Steel. Miss Dunlop has given her school so far to the study of art, studying first in New York and then in the Students League, then with Miss Steel, going abroad and studying under Monsieur Collin and Miss Wheeler, remaining for four years in Paris, Rome and other art centers.

In Dresden they studied China painting under the well known painters, Herr Forberger and Herr Fleischer.

The fine exhibition of paintings in Miss Dunlop's studio, No. 119 Marshall Street, shows what advantage she has worked. The copy of an old French painting entitled "Portrait of a Young Man," by Prud'hon, is considered by connoisseurs to be the finest thing she has done.

The members of the class are Mesdames Robert Meade, H. P. Stratton, J. William Jones, J. Gordon Kenzie, Preston Roper, Misses Julia Sully, Josephine Brady, Mary Meade Bernard, Margaret Cameron, Margaret Vaughan, and Messrs. Beale Davis, Robert Claiborne and George Sheppard.

The work displayed in China painting consisted of handsome plates, cups and saucers, bowls, dishes, punch bowls, ice bowl, fruit bowl, celery dishes, vases, etc. Among the work most admired was a punch bowl and cups, painted by Mrs. Robert Meade, and a vase by Mrs. H. P. Stratton; tray in violets by Mrs. William Jones; breakfast set by Mrs. Kenzie; plate, with figure designs, by Miss Sully; tea bowl by Mrs. Preston Roper; and plates by Misses Camp, Steele, Vaughan.

The cast drawing of Mr. Beale Davis, Miss Bernard and Miss Brady deserved special mention. The work also of Miss Margaret Cameron and Master Robert Claiborne showed talent and diligence.

Master George Sheppard's landscape drawing was most attractive and his original composition showed unusual talent.

Wednesday lunch was served by the pupils to the teachers at the studio.

CAPE HENRY LIGHTS.

(Special to The Times-Dispatch.)  
CAPE HENRY, VA., June 25.—The season at the Cape has become fully established, although certain improvements, now being rapidly pushed to completion, have been somewhat delayed by weather conditions.

The recent high northeast winds played havoc with the bath lines under construction by the Chesapeake and Annapolis, causing an entire rafting of the whole system. The second attempt has been more successful, a set of stouter posts being planted, and it is expected the work will be finished within a few days when the bathing season will be fully inaugurated.

The beach has assumed a condition very gratifying to the bathers. This is due to the northeast winds which have so influenced the tides as to level the sand, and the removal of hard sand, far surpassing the most sanguine expectations of those interested, and it is consequently predicted that this year's bathing season will be a record breaker for the Cape.

The depot of the Chesapeake Transit Company is another improvement that will greet the Cape's visitors this season. No expense has been spared to fit the building in the most approved style of railway stations, and that brick walls and red-tiled roof will uphold the distinctive features of the Cape as well as afford comfort to the patrons of the road.

A party of Virginia gentlemen, members of the Virginia Bankers' Association, paid a short visit to the Cape during the past week. Among them were Messrs. John M. Miller, Jr., O. W. Sands, George H. Keese, Wm. H. Hill, Wm. A. Price, John Garland Pollard, R. L. Gordon, and W. M. Hamilton. The Hon. S. Gordon Cumming was also a member of the party.

Quite a rush of guests recently invaded the Cape Henry Hotel in the effort to escape the heat of the cities, and nearly taxed that hostelry to its capacity. Among the Virginia people the register are: Mr. Robert McCammon and Mrs. McCammon, Mr. John Fiol and wife, Mr. Henry Warren and wife, and Mr. Wm. Green.

The large cottage belonging to Judge White has been leased by Mrs. C. M. Hayes, who has formally opened the house for the season.

Mr. and Mrs. D. W. Washburn are entertaining Misses Flossie Bristow, Cora Washburn, Oland Washburn and Mr. Bristow, at the Cape.

Dr. Lankford is making preparations to open his cottage on the beach front. His family will arrive to-day to remain for the season. The Doctor is contemplating making additions to his cottage in the future.

Mrs. C. M. Livesay, Mr. and Mrs. Chas. Livesay and family, Mr. and Mrs. Wm. P. Redd and family, form a Richmond house-party occupying the Cronk cottage. They will remain for the season.

Messrs. Chas. W. Kent and G. Tucker Smith, of the University of Virginia, were recent visitors to the Cape.

Other Richmond people registered during the past week are: Mr. and Mrs. M. C. Holiday, Miss Clayton, Mrs. Wade, Mr. and Mrs. D. P. Powers.

By invitation a number of Warrenton people assembled at the farm, where they witnessed some remarkable exhibitions of horse sense.
